FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, 33 *Texas Register* 3954, applicable to requests filed on or after May 25, 2008, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.
3. 28 Texas Administrative Code §134.1, 31 *Texas Register* 3561, effective May 2, 2006, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits dated December 7, 2007

- W10 – NO MAXIMUM ALLOWABLE DEFINED BY FEE GUIDELINE. REIMBURSEMENT MADE BASED ON INSURANCE CARRIER FAIR AND REASONABLE REIMBURSEMENT

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 *Texas Register* 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 *South Western Reporter Third* 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss

method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that "Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection..." 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states "...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold." Furthermore, (A) (v) of that same section states "...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed..." Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$208,313.00. The division concludes that the total audited charges exceed \$40,000.
2. The requestor in its position statement asserts that "...per Rule 134.401(c)(6)(A)(i)(iii), once the bill has reached the minimum stop-loss threshold of \$40K, the entire admission will be paid using the stop-loss reimbursement factor ("SLRF") of 75%." The requestor presumes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 opinion rendered judgment to the contrary. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services." The requestor failed to discuss or demonstrate that the particulars of the admission in dispute constitute unusually extensive services; therefore, the division finds that the requestor did not meet 28 TAC §134.401(c)(6).
3. In regards to whether the services were unusually costly, the requestor presumes that because the bill exceeds \$40,000, the stop loss method of payment should apply. The Third Court of Appeals' November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must **demonstrate** that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that "Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker." The requestor failed to discuss the particulars of the admission in dispute that constitute unusually costly services; therefore, the division finds that the requestor failed to meet 28 TAC §134.401(c)(6).
4. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
 - Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that "The applicable Workers' Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission..." Review of the submitted documentation finds that the length of stay for this admission was twenty four surgical days and six ICU/CCU; therefore the standard per diem amounts of \$1,118.00 and \$1,560.00 apply respectively. The per diem rates multiplied by the allowable days result in a total allowable amount of \$36,192.00.
 - 28 Texas Administrative Code §134.401(c)(4)(C) states "Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time." A review of the submitted itemized statement finds that the requestor billed one unit of Normodyne 100 MG AMP at \$358.00/unit, for a total charge of \$358.00 and six units of Vancomycin 1G/D5W 200C at \$733.00/unit, for a total charge of \$4,398.00. The requestor did not submit documentation to support what the cost to the hospital was for Normodyne 100 MG AMP and Vancomycin 1G/D5W. For that reason, reimbursement for these items cannot be recommended.
 - 28 Texas Administrative Code §134.401(c)(4)(B) allows that "When medically necessary the following services indicated by revenue codes shall be reimbursed at a fair and reasonable rate: (iv) Blood (revenue codes 380-399)." A review of the submitted hospital bill finds that the requestor billed \$892.00 for revenue code 390 – Blood/Stor-Proc, and \$2030.00 for revenue code 391 – Blood/Admin. 28 Texas Administrative Code §133.307(g)(3)(D), requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that the requestor does not demonstrate or justify that the amount

sought for revenue codes 390 and 391 would be a fair and reasonable rate of reimbursement. Additional payment cannot be recommended.

The division concludes that the total allowable for this admission is \$36,192.00. The respondent issued payment in the amount of \$36,192.00. Based upon the documentation submitted, no additional reimbursement can be recommended.

Conclusion

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to demonstrate that the disputed inpatient hospital admission involved unusually extensive services, and failed to demonstrate that the services in dispute were unusually costly. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
